EVENT HOST

# EVENT INTRODUCTION

TechHer  
Fest 24'

TechHerFest which is the largest gathering of African women in Tech is our annual flagship event, bringing together digital business women, women in tech, women in tech enthusiasts, women entrepreneurs leveraging tech and women in tech sponsors and supporters from across Africa to learn, engage in inspiring conversations, and network with industry leaders and partnering companies.

Last year, we hosted 1000+ attendees in a hybrid event in Port Harcourt, and we aim to double that number this year.

With this year's TechHerFest, we aim to scale women in businesses leveraging digital tools for better growth, empower upcoming women in Tech with kickstart opportunities such as scholarships, laptops, and mentorship, and celebrate amazing women in Tech doing amazingly well in the industry.

# CONFERENCE DETAILS

TechHer
